NATIONAL WETLANDS INVENTORY

30 X 60 MINUTE SERIES (WETLANDS)

1:100 000-scale
wetland map of

Casa Grande

ARIZONA

30 X 60 MINUTE QUADRANGLE SHOWING

- Wetland classifications
- Highways, roads and other manmade structures
- Water features
- Geographic names

FISH & WILDLIFE SERVICE

1980

Produced by the United States Fish and Wildlife Service

Wetland classifications from 1:120 000-scale black and white aerial photographs taken 1972 and other source data

Projection and 10 000-meter grid ticks , zone 12, Universal Transverse Mercator

50 000-foot grid ticks based on Arizona coordinate system , central zone
1927 North American Datum

To place on the predicted North American Datum 1983, move the projection lines 4 meters south and 63 meters east

SPECIAL NOTE

The documents was prepared primarily by stereoscopic analysis of high altitude aerial photographs. Wetlands were identified on the photographs based on vegetation, visible hydrology and geography in accordance with "Classification of Wetlands and Deepwater Habitats of the United States (An Operational Draft) Cowardin, et al, 1977. The aerial photographs typically reflect conditions during the specific year and season when they were taken. As a result, there is a margin of error inherent in the use of the aerial photographs. The inherent subjectivity of the ground and historical analysis of a single site may result in a revision of the wetland boundary or classification established on the aerial photography. In addition, some small wetlands and those obscured by dense forest cover may not be included on this document.

Federal, State and local regulatory agencies with jurisdiction over wetlands may define and describe wetlands in a manner different than that used in this inventory. There is no attempt by the inventory to determine the jurisdiction that may be exercised over wetlands by any Federal, State or local government or to establish the geographical scope of the regulatory programs of government agencies. Persons intending to engage in activities involving modifications within or adjacent to wetland areas should seek the advice of appropriate Federal, State or local agencies concerning specific agency regulatory programs and proprietary jurisdictions that may affect such activities.

Topographic Map Symbols

Primary highway, hard surface
Secondary highway, hard surface
Light duty road, principal street, hard or improved surface
Other road or street, trail
Route marker: Interstate, U. S., State
Railroad: standard gage; narrow gage
Bridge: overpass; underpass
Tunnel: road; railroad
Built-up area; locality, elevation
Airport; landing field; landing strip
National boundary
State boundary
County boundary
National or State reservation boundary
Land grant boundary
U. S. public lands survey: range, township; section
Range, township, section line, protracted
Power transmission line; pipeline
Dam; dam with lock
Cemetery; building
Windmill; water well; spring
Mine shaft; adit or cave; mine, quarry; gravel pit
Campground; picnic area; U. S. location monument
Rocks; cliff or escarpment
Stream; lake; perennial, intermittent
Rapids; large and small; falls, large and small
